

Auto Invoice & Shipment for Magento 2

User Guide

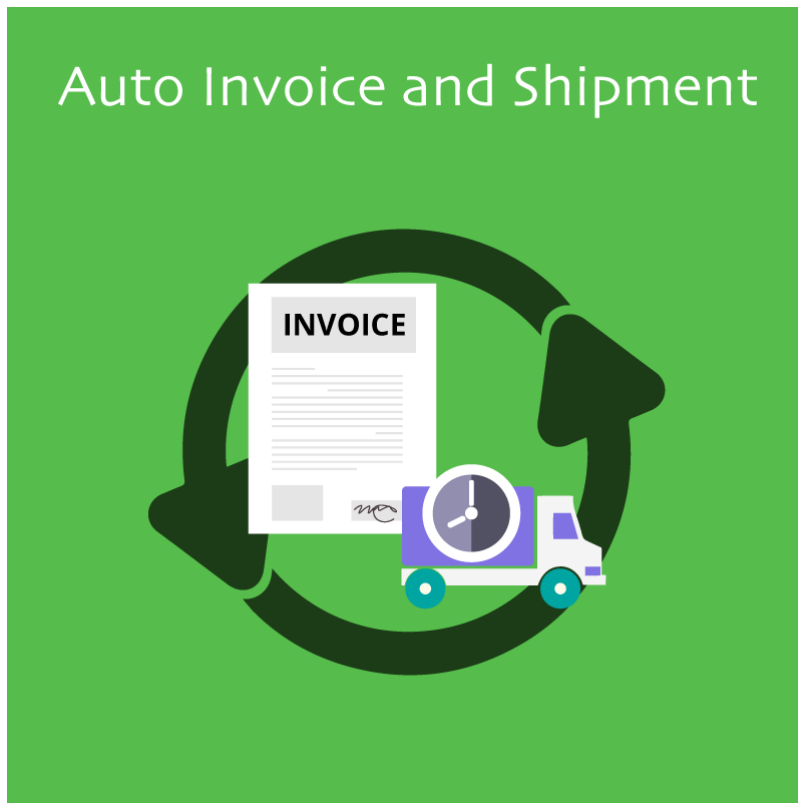

Table of Content

1. [Extension Installation Guide](#)
2. [Configuration](#)

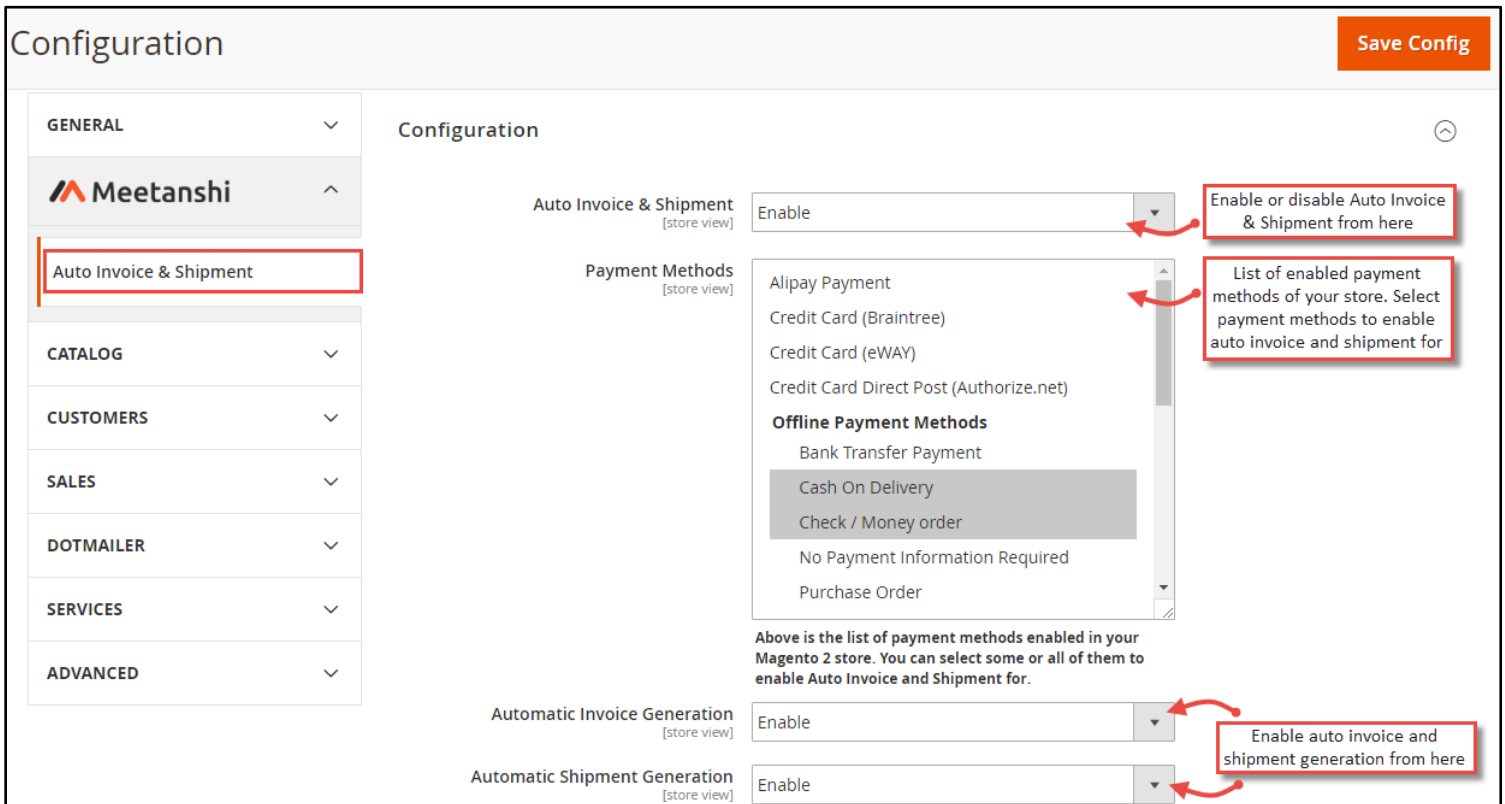

1. Extension Installation

- Extract the zip folder and upload our extension to root of your Magento 2 directory via FTP.
- Login to your SSH and run below commands step by step:
 - php bin/magento setup:upgrade
 - php bin/magento setup:static-content:deploy
 - php bin/magento cache:flush
- That's it.

2. Configuration

For configuring the extension, login to Magento 2, move to **Stores** → **Configuration** where you can find various settings to configure the extension.

- **Auto Invoice & Shipment:** Enable or disable the extension from here.
- **Payment Methods:** Here, all the enabled payment methods of your Magento 2 store have been listed. Select some or all the payment methods to enable auto invoice and shipment for.
- **Automatic Invoice Generation:** Enable auto Invoice generation from here.
- **Automatic Shipment Generation:** Enable auto shipment generation from here.
