3. [Content Settings](#)
4. [Container Display Settings](#)
5. [Cookie Notice in Frontend](#)

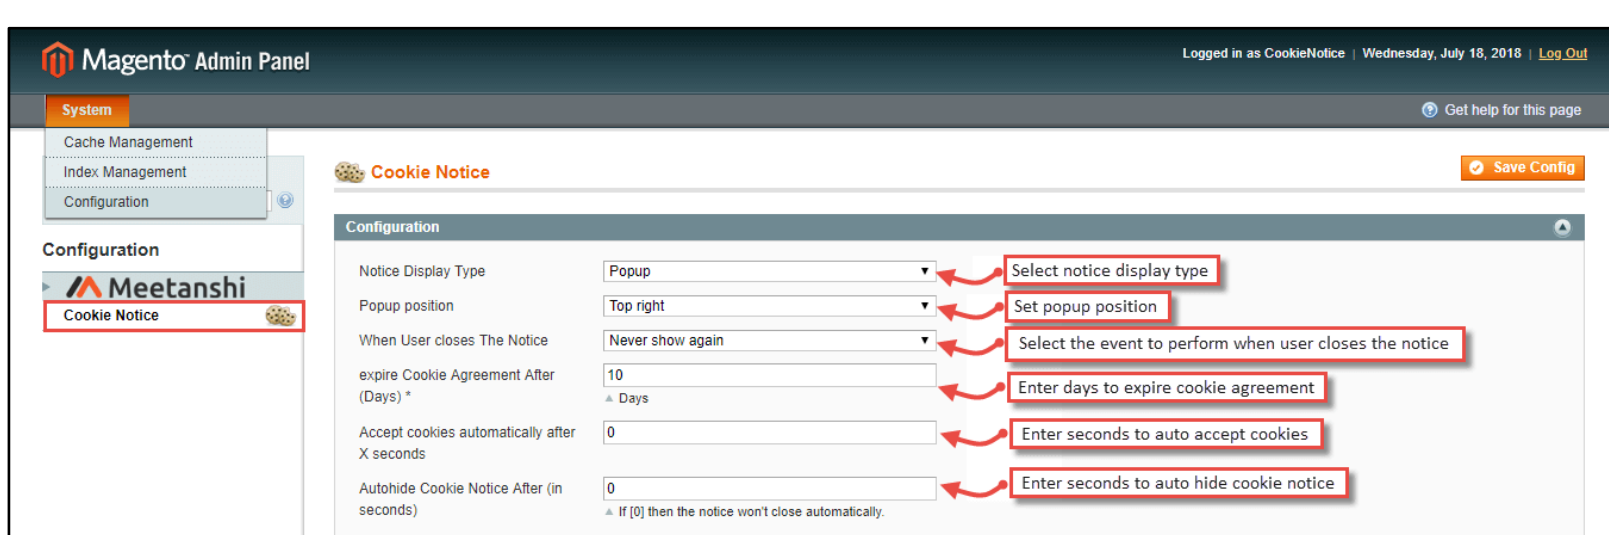

1. Extension Installation

- Upload or copy all folders in the zip package to your Magento root folder. It doesn't overwrite any existing files but just adds new files to the folder structure.
- Once done, log in your Magento admin panel, go to **System → Cache Management**, select all caches and refresh.
- Navigate to **System → Configuration**, if you can see the extension tab, it is installed properly.
- If you get Access denied error, you need to log out admin panel and log in again.

2. Configuration

To configure the extension, log to Magento backend, move to **System → Configuration → Cookie Notice** where you can find various settings to configure the extension.

- **Notice Display Type:** Select one of notice display type from bar or popup.
- **Popup Position:** Set bar or pop up position.
- **When User closes the Notice:** Select the event from the dropdown menu to perform when user closes the notice.
- **Expire Cookie Agreement after:** Enter the number of days after which the cookie agreement expires.
- **Accept cookies automatically after X seconds:** Enter the number of seconds after which the cookies are accepted automatically.
- **Auto hide Cookie Notice After:** Enter the number of seconds after which the cookie notice is automatically hidden.

5. Cookie Notice in Frontend

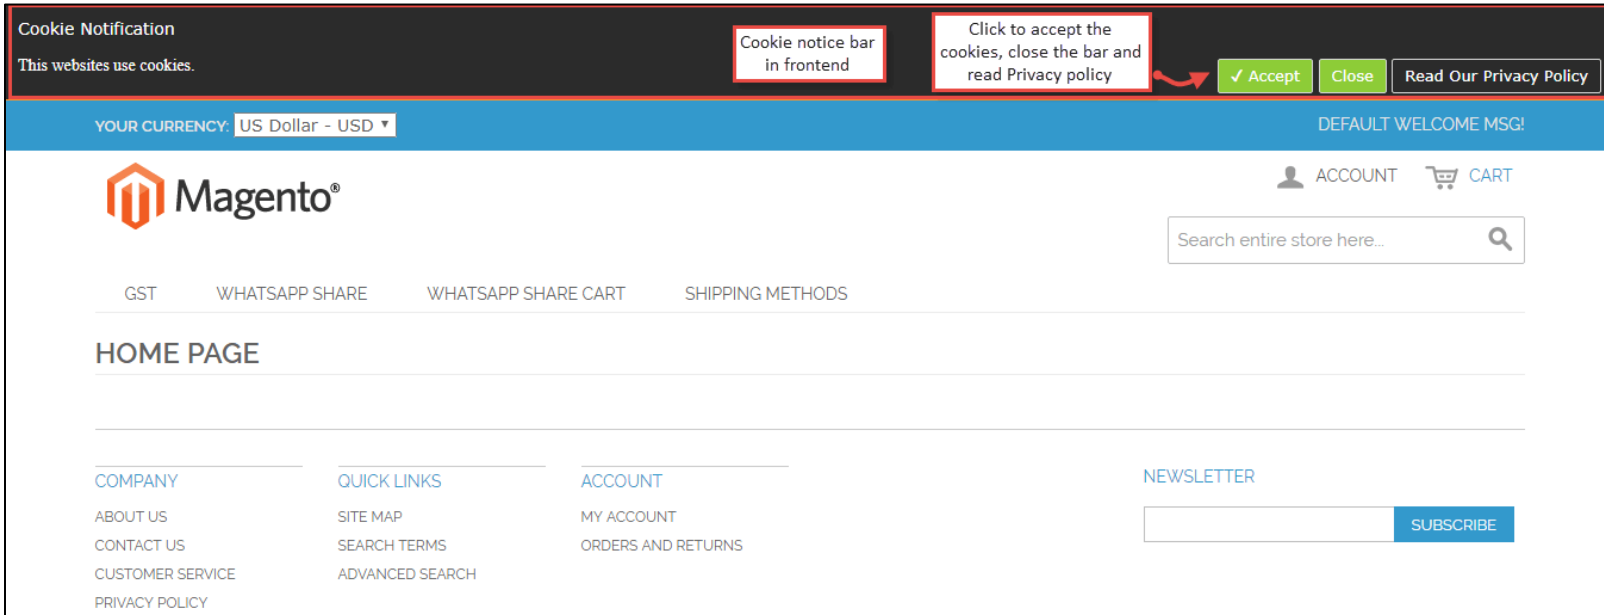

Once the settings are configured, the cookie notice is displayed as set either in bar or in popup in the frontend.

- **Cookie Notice Pop Up in frontend**

The screenshot displays the Magento frontend with a blue header bar containing the currency "US Dollar - USD". The main content area features the Magento logo, navigation links (GST, WHATSAPP SHARE, WHATSAPP SHARE CART, SHIPPING METHODS), and a "HOME PAGE" section. A dark grey "Cookie Notification" popup is overlaid on the right side, containing the text "This websites use cookies." and buttons for "Accept", "Close", and "Read Our Privacy Policy". A red box highlights the "Accept" button, with a callout box stating: "The user can accept the cookies by clicking 'Accept' button or read the privacy policy from here". Another red box highlights the "Read Our Privacy Policy" link, with a callout box stating: "Cookie notice popup in frontend".

- **Cookie Notice Bar in frontend**

The screenshot displays the Magento frontend with a blue header bar containing the currency "US Dollar - USD" and a "DEFAULT WELCOME MSG!". The main content area features the Magento logo, navigation links (GST, WHATSAPP SHARE, WHATSAPP SHARE CART, SHIPPING METHODS), and a "HOME PAGE" section. A dark grey "Cookie Notification" bar is positioned at the top, containing the text "This websites use cookies." and buttons for "Accept", "Close", and "Read Our Privacy Policy". A red box highlights the "Accept" button, with a callout box stating: "Click to accept the cookies, close the bar and read Privacy policy". Another red box highlights the "Read Our Privacy Policy" link, with a callout box stating: "Cookie notice bar in frontend".
