1. Extension Installation

- Upload or copy all folders in the zip package to your Magento root folder. It doesn't overwrite any existing files but just adds new files to the folder structure.
- Once done, log in your Magento admin panel, go to **System → Cache Management**, select all caches and refresh.
- Navigate to **System → Configuration**, if you can see the extension tab, it is installed properly.
- If you get Access denied error, you need to log out admin panel and log in again.

2. Configuration

For configuring the extension, login to Magento, move to **System → Configuration → Restrict Zip Codes** where you can find various settings to enable the extension.

- **Restrict Zip Codes:** Enable the restrict zip codes extension from here.
- **Show Estimated Delivery Time:** Set YES to show the estimated delivery time with the order availability in the frontend.
- **Zip Code Checker Message:** Enter zip code checker message to show on the product page.
- **Delivery Availability Message:** Enter the message to be displayed on order availability.
- **Delivery Unavailability Message:** Enter the message to be displayed on order unavailability.
- **Import Zip Codes CSV:** Browse the CSV file with allowed zip codes and estimated delivery time.
