1. Extension Installation

- Upload or copy all folders in the zip package to your Magento root folder. It doesn't overwrite any existing files but just adds new files to the folder structure.
- Once done, log in your Magento admin panel, go to **System → Cache Management**, select all caches and refresh.
- Navigate to **Sales → Payment Method**, if you can see the extension tab, it is installed properly.
- If you get Access denied error, you need to log out admin panel and log in again.

2. Configuration

For configuring the extension, login to Magento, move to **Sales → Payment Method → Shipping Per Product** where you can find various settings to enable the extension.

- **Enabled:** Set "YES" to enable shipping per product extension.
- **Title:** Enter title for the shipping method.
- **Method Name:** Enter method name for the shipping method.
- **Default Product Shipping Cost:** Select YES to set default shipping rate when unassigned to individual product.
- **Default Rate per Item:** Enter default shipping rate to charge per product.
- **Handling Fee:** Add handling fee if you want to apply on orders.
- **Hide Method if Shipping Cost is Zero:** Set YES to hide method if calculated shipping cost is zero.
- **Ship to applicable countries:** Select all allowed countries to enable shipping per product for
- **Ship to specific countries:** Select countries to enable shipping per product for.
- **Displayed error message:** Set error message to show for unavailability of the shipping method
- **Show method only for admin:** Set "Yes" to enable shipping per product for admin only.
